

PREMIUM AMC REFERENCE SITE

LG ANNUAL MAINTENANCE CONTRACT

AMC

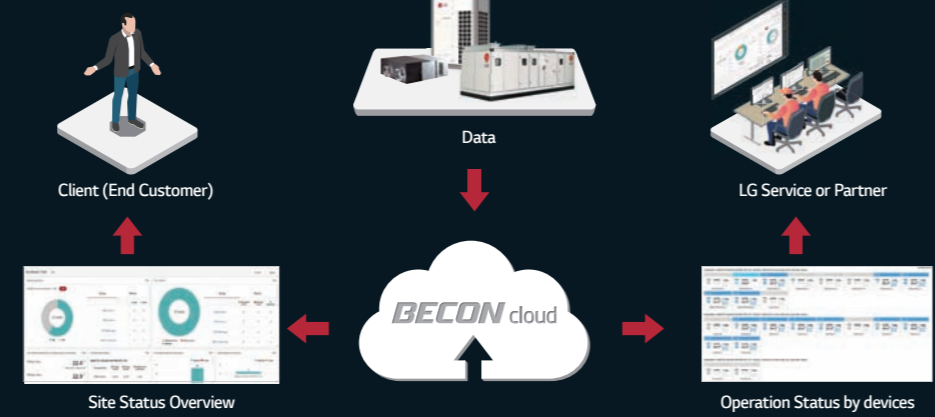

Comprehensive Maintenance Contract
LG SAC Comprehensive Maintenance Contract includes all technical support, spares, consumables like refrigerant. Also cover four Scheduled preventive maintenance services and attending to all break down calls.

Labour Maintenance Contract
LG SAC Labour Maintenance Contract includes all technical support for carrying out four scheduled preventive maintenance services and attending to all break downs. Spares parts and consumables are made available at special prices.

Operation Contract
LG SAC operation Contract includes deputation of skilled manpower for smooth operations of AC system. They regularly monitor the operating parameters. However for regular maintenance, spare parts & consumables can be availed separately at special rates.

※ LG AMC provides commonly the service within 2 days (RTAT, Repair Turn Around Time)

Premium AMC

Combines the AMC with BECON cloud

ACM Contract + BECON Cloud

BECON cloud (TMS)

BECON cloud is able to monitor in real time, so it is easy to prevent malfunctions and offers optimal management solutions.

TMS (Total Maintenance Service)

Visiting Services without a Call

Monitoring of the system of nursing hospitals 24 hours a day. If there is a problem, they are dispatched immediately

Quick service

Non Face to Face Inspection

Remote Inspection

It monitors all ODU, IDU, and HRU

Regular Inspection Report

Analysis report provided by checking the condition of the VRF

Monitoring and Control System

It is available on Desktop, Mobile and Tablet

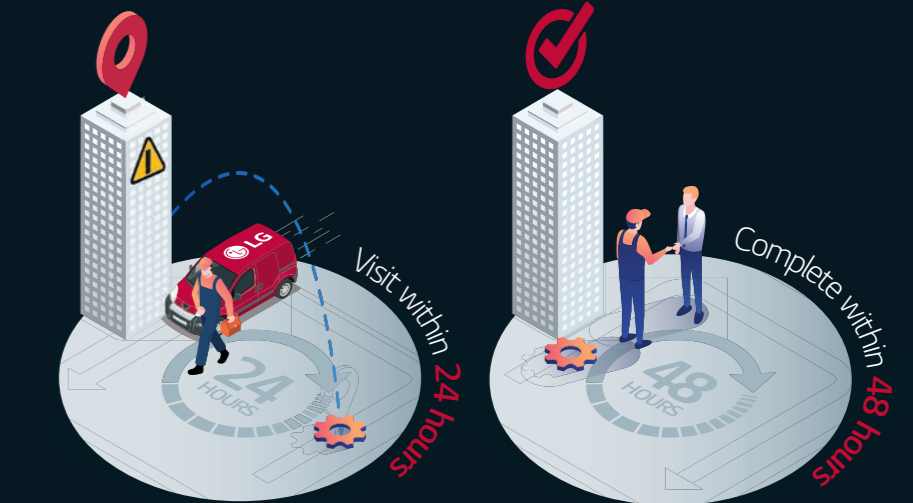

※ This service is provided only for the contract site. The reason is that central controller installation is required.
