TrueSteam®

TrueSteam® made by boiling water reaches the entire surface of every dish inside the tub resulting in sparkling clean dishes.

TRUESTEAM VS HOT WATER

100°C boiling water covers every surface and corner of your dishes to provide hygienic cleaning as compared to hot water rinse.

STEAM CYCLE*

1

WATER SPRAY

Remove soft soils

2

STEAM

Soak hard soils

3

WATER SPRAY WITH DETERGENT

Remove soils soften

4

STEAM

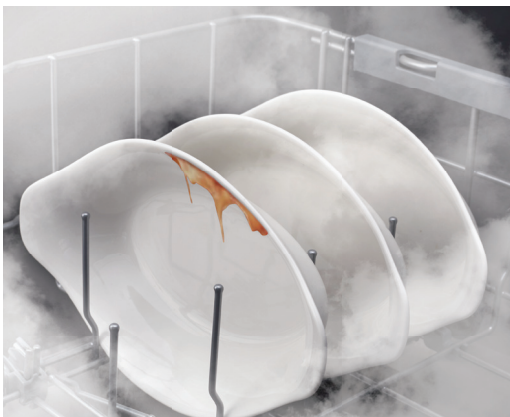

Pure Steam wash out water drops having minerals

5

DRY

Spotless clean

*Intensive+Steam Course

POWERFUL CLEANING

High temperature steam, which consists of tiny particles, easily separates stains from dishes. Accordingly, TrueSteam soaks and softens toughly baked food before the main wash.

LESS WATER SPOTS

TrueSteam® leaves dishes sparkling clean while reducing water spots by up to 60%*.

*Compared to LG non-steam model. Based on counting of water spots between LG steam and non-steam, according to LG internal test methods.

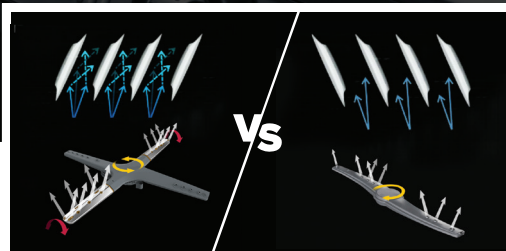

HYGIENE CARE

Hot and pure steam particles from 100°C boiling water cover every surface and corner of your dishes to provide hygienic cleaning.

LG QuadWash®

Multi-Motion spray arms and high-pressure jets provide maximum coverage to clean utensils in the first time.

MULTIMOTION ARMS VS CONVENTION TWO WASHING ARMS

Multimotion Arms shoot water streams that clean every corner of dishwasher whereas Convention Two Washing Arms rotate in one direction only.

FOUR WASHING ARMS

With four spray arms instead of two, QuadWash® provides stronger cleaning performance.

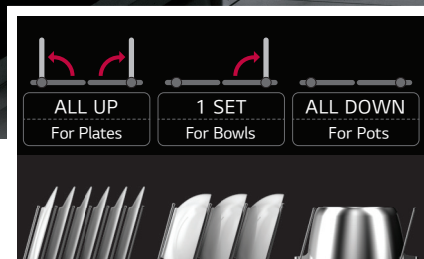

MULTI-DIRECTIONAL ROTATION

The multi-directionally rotating arms offer enhanced cleaning coverage by shooting water streams through 28 water spray jets in various angles that reach every corner of the dishwasher.

EasyRack™ Plus

Easy to adjust on-the-fly, this racking system can shift to handle any challenge your dishes serve up.

FOLDABLE TINES

Loading your dishes in your way, folding tines let you fit dishes wherever you want, whether it's a pan on the top rack or a kadhai on the bottom.

EASY HEIGHT ADJUSTMENT

You can adjust the height of the upper rack to three different levels to accommodate bigger items on any rack.

14 PLACE SETTINGS

The LG Dishwasher with the 14 place setting capacity lets you clean various kinds of utensils at one go. Now, have more time in hosting get-togethers than being in the kitchen.

Inverter Direct Drive

LG Inverter Direct Drive, the quietest dishwasher in its class, is designed with fewer parts giving you a hassle-free and reliable performance.

QUIET OPERATION

Compared to conventional motors, LG's innovative Inverter Direct Drive reduces noise, allowing you uninterrupted sleep, convenient study and continuous work.

ENERGY EFFICIENT

Using fewer moving parts and operating more efficiently, the Inverter Direct Drive consumes less energy.

10-YEAR WARRANTY*

Count on your LG Dishwasher for years to give you 10-year limited warranty on the Direct Drive Motor.

*10 Year Warranty :- 2 Years Parts & Labour + 8 Years on motor (parts only).

LG ThinQ™

THE SMART WAY OF LIVING

LG SmartThinQ® App lets you control key features & notifications from anywhere.

DOWNLOAD CYCLES

With the LG SmartThinQ™ smartphone app, you can download new wash cycles to meet your needs, such as Pots & Pans, Casseroles, Glassware and Night Care.

PERSONALIZED SETTINGS

Set the Rinse Aid Dispenser Level, Machine Clean Reminder, Signal Level and Clean Indicator Light.

MACHINE CLEAN REMINDER

Keep your dishwasher fresh by activating the Machine Clean Reminder. After every 30 cycles, the lighted indicator will let you know the time to run the cleaning cycle.

SMART DIAGNOSIS™

If there is ever an issue with your dishwasher, you don't have to worry. Smart Diagnosis helps solve problems quickly and efficiently through your smartphone, with suggestions for easy solutions and next steps.
